Steve, is it only La Plata County that needs funding?

Here you go...

Contacts on the attached document do not include the La Plata County Attorney. I believe you are already connected. Tom McNamara works for the county emergency management agency and is the point of contact related to available space at the fairgrounds. Joe Kirby is the point of contact for the call center, IMT and PIO resources requested, and just about anything other than space.

Steve, is there an undated scope of work? Should Cinna talk directly with the county on dollar amount?

I just got off the phone with Bethany and Wayne. They are NOT going to do the letter contract if we can make the County whole through a cooperative agreement. To move forward both short term and long term we need a scope of work and dollar amount.

Give me a call with any questions.

I just confirmed with Cinna that we need to do this through a cooperative agreement rather than a contract. Cinna can work with the county officials to get this in place ASAP.

Here is the draft NTP I sent to Craig. This is under his warrant, but Bethany is eager to sign it once the terms are agreeable. If there is a better way to go on the call center in the form of a cooperative agreement, let me know. Thanks!
